FY2021 Expenditure plans. Sharon asked the Trustees to consider monthly expense plans that would serve in lieu of a FY2021 budget for July, August and September, pending the Annual Town Meeting in September to vote for a new budget. The expenditure plans are based on current fiscal spending. Salaries will not be amended until after town meeting, and it is unknown yet if proposed salary increases will be retroactive.

Although any remaining funds budgeted will not carry over from one month to the next (e.g. when a bill was expected but didn’t come in), the plans can be amended for the successive month to include additional anticipated expenses.

A Motion was requested to approve the July, August, and September draft expenditure plans as laid out by the Director, and to grant her the ability to adjust the budgets as needed, pending approval of the town administrator. Motion made by Chris Stevens, seconded by Anne Spirn, and Approved by roll call vote:

Chris Stevens - Aye
Anne Spirn – Aye
